SUMMARY

Computer Science and Engineering student with a **9.10 CGPA** and hands-on expertise building full-stack applications using the MERN stack. Proven ability to write clean backend logic and engineer scalable software solutions to solve complex challenges.

EDUCATION

Chitkara University

Bachelor of Engineering in Computer Science and Engineering (CGPA: 9.10 / 10.00)

Rajpura, India

July 2024 – Present

Relevant Coursework: Data Structures & Algorithms (OOP Focus), Database Management Systems (DBMS), Backend & API Engineering, Computer Networks, Operating Systems Foundations

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java (DSA Focus), HTML5, CSS3

Backend & Storage: Node.js, Express.js, MongoDB + Mongoose, PostgreSQL + Prisma ORM, RESTful APIs, Postman

Frontend Tools: React.js, Axios, Chart.js / Recharts

Developer Ecosystem: Git, GitHub, Vercel, Render, Socket.io, Jest + Supertest

FEATURED PROJECTS

MovieMate – Interactive Movie Discovery & Telemetry Platform

July 2025 – Present

Tech Stack: React, Node, Express, MongoDB, PostgreSQL

- 🔗 **Live App Layout (Vercel):** Deployed UI at movie-mate-seven-nu.vercel.app featuring responsive discovery views and profiles.
- 🏠 **Live Backend Layer (Render):** Hosted custom APIs at moviemate-l4ts.onrender.com supporting secure JWT CRUD loops.
- 🔗 **Source Engineering (GitHub):** Code base deployed directly at github.com/ankitparida-dev/MovieMate under clean pipeline setups.
- 🔍 **Data Model Fragmentation Resolved:** Designed a dual-database pattern, utilizing MongoDB for dynamic watchlists and session pipelines, while storing comments and notification schemas cleanly in PostgreSQL.
- 🚀 **Dynamic Client Latency Mitigated:** Integrated real-time web socket layers using Socket.io to push instantaneous commentary, replies, and system notifications without manual page reloads.
- 📊 **Memory Telemetry Mapping Overcome:** Handled backend rendering overhead by creating automated pre-aggregation pipelines to serve visual historical metrics through dynamic Chart.js insights.

INTERESTS & LANGUAGES

Hobbies: Following international cricket tournaments, active engagement in mobile e-sports simulations (Asphalt Legends, Real Cricket 20).

Languages: Hindi (Native Proficiency), English (Professional Working Proficiency).
